## REQUIREMENTS FOR PREPARATION AND PRESENTATION OF STARTUP PROJECTS

The startup project (hereinafter - the startup) is submitted **in the form of a video**.

The video file must be provided in a format that allows it to be uploaded and displayed correctly on the Youtube channel for voting (such file name extensions as .MP4, .AVI, .MOV and other valid formats for Youtube).

The video **should not exceed 5 minutes**.

The language of the video startup's presentation is Ukrainian.

The **structure of the startup** should contain the following elements:

1. **The name** of the startup.
2. **Presentation** of the startup **development team**.
3. **The concept of a startup** (the main idea, the problem that the startup solves).
4. **Description of development** (product / service / technology).
5. **Estimated startup budget** (investment, pricing, financial results, efficiency).
6. **Target audience** of the startup.

The presentation of startups can be carried out as a single higher education seeker or young scientist, or by a team of developers. The number of members of the author's team **may not exceed 5 people**.

It is also necessary to indicate the supervisor of the startup developer(s) and the faculty / institute they represent.

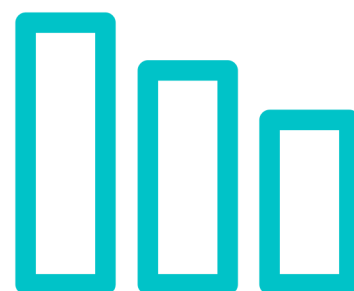

The competitive evaluation of startups is carried out in 2 stages:

I stage - by open voting, which will be held **from 9.00 on November 6, 2024 to 9.00 on November 8, 2024** via the corresponding link on the University website before the start of voting.

II stage - selection by the Jury (members of the Conference's Scientific Committee) of the winners from the list of startups submitted to the Competition that received the most votes in the I stage of the Competition. Announcement of the winning startups at the Conference plenary session.

Startups (in the form of a video) should be submitted **by filling out the appropriate form** at the link <https://forms.gle/6Me3hDzpv9FkpVPo6> with the **deadline of November 4, 2024**.
